My message to you is simple. It is one of gratitude.

To our residents in the Villa and Village Nursing Home; our Tenants living in all our apartments; our Special Care Home Clients, thank you for your incredible spirit. Even though the measures we have had to put in place to protect you are challenging and many of you are worried, you remain strong and brave. You inspire us all and remind us every day why we work so hard to protect the communities you call home.

To family members counting the days until you can be with your loved ones again, we are very grateful for the support and understanding you have shown our team members. You are constantly finding new and innovative ways to send love to your family member even during these difficult times.

To all our dedicated team members, because of each of you, we are getting through this together. Thank you for your resilience and commitment, we are forever grateful. Your knowledge, expertise, and support are invaluable, and we are blessed to have individuals like you caring for our residents through these difficult times and we will move forward thanks to all of you.

There are many things we can be grateful for during this period of uncertainty. Loch Lomond Villa continues to keep COVID-19 out of our communities. The actions we have taken must continue in order to keep all of us safe and healthy. Let's continue to lean on each other and we **WILL** see you soon.
